

War begins here

1. See Daily Bias (Selling or Buying) Do only one
2. See 4 pairs at least (EUR/USD, XAU/USD, GBP/AUD, GBP/JPY)
3. See trading sessions (Asian, Tokyo, NY)
4. Wait to form Entry Models, and to make sure confirmation
5. Make sure to make two TP (Once the first one is touched make BE)
6. At least 1:2 - 1:1.5 RRR

What should I not do ?

1. Searching for opportunities
2. Trading on Monday
3. Randomly taking trade
4. Don't move SL
5. Doing trading in public
6. Show- offing

How to get this shit done?

1. Follow trading plan
2. Work on mindset
3. Stick to your plan

Work on ForexAcademy and need to make it live and help many beginners to trade properly. At least 6 months to complete the trading FXAcademy. Need to start content creation on this, and make a beginner trader a community and work on it.
